

Credit Risk Management

Senior Consultant

BCS Consulting, part of Accenture – What we do

BCS Consulting, part of Accenture, sits within Accenture's Financial Services Strategy, and Consulting function in the UK, and was recently acquired by Accenture to strengthen their U.K. Financial Services Consulting and Technology Services Capabilities ([Accenture Acquires BCS Consulting to Strengthen its U.K. Financial Services Consulting and Technology Services Capabilities | Accenture](#)).

We're committed to delivering excellence and that's why world leading financial services businesses rely on us to bring about effective change within their organisations.

Our portfolio includes a varied and interesting range of multinational and UK banks, Wealth and Asset Management companies, Insurance firms and payment and card companies.

As a team of experts, we understand the importance of building on firm foundations and that's why you'll always find a broad range of core management consulting skills at the heart of our organisation.

The opportunity

BCS Consulting, part of Accenture, are looking for a candidate who can join our Risk and Finance service line with a specific focus on Credit Risk Management.

We are looking to continue expanding our existing capabilities to respond to the industry's key challenges and developments (stress testing IFRS, IRB modelling etc.). We also offer services focused on enhancing the credit risk management lifecycle and improving related capital efficiency.

We support financial services clients across a range of credit risk maturity levels and associated challenges, from start-ups to global institutions with legacy risk management approaches. We are able to provide industry leading assurance and advisory services through to hands-on delivery capability and implementation partnerships.

Your knowledge in consulting, and in this specific area, will enable you to not only build our portfolio and market presence, but also help to develop and grow the team internally.

At BCS Consulting, part of Accenture, your career matters, that's why we invest in training and development and alongside your day-to-day role you will have access to amazing development opportunities allowing you to direct your career progression.
